UTAC Receives Consecutive Supplier Quarterly Award from Fairchild Semiconductor

Singapore, 13 April 2015 – UTAC Holdings Ltd (UTAC), a Singapore-based semiconductor testing and assembly services provider, announced that for the second consecutive quarter it has received the Supplier Quarterly Award from Fairchild Semiconductor (Fairchild), a leading global supplier of high-performance power semiconductor solutions for making the world a cleaner and smarter place.

UTAC was recognized for its exceptional performance as a strategic partner and supplier to Fairchild, providing high-quality full turnkey solutions, assembly and test services that are significant to Fairchild's operations. In presenting the award to UTAC, Fairchild highlighted UTAC's service excellence and high level of responsiveness, including attaining high execution speeds, high yield and turnaround with zero quality incidents.

"Fairchild believes that strategic supplier such as UTAC has an essential part to play in supporting our company in providing innovative, industry-pioneering products that are in line with our business strategy and vision. We are pleased to present this award to UTAC as they are exemplary of a committed supplier that provides Fairchild with outstanding solutions and excellent customer service," said Mr Van Munson, Managing Director, Outsource Assembly and Test of Fairchild Semiconductor.

"We are honoured and delighted to receive this award for two consecutive quarters and thank Fairchild for their recognition of UTAC's commitment to quality and operational excellence. We are pleased with the efforts made by our team in UTAC Thailand to achieve this accolade," said Mr Jeff Osmun, UTAC's Senior Vice President of Worldwide Sales. We are proud of the long, successful fifteen-year partnership and look forward to supporting Fairchild's future business requirements", he added.

Dr John Nelson, Chief Executive Officer of UTAC, receives the Supplier Quarterly Award from Mr Van Munson, Managing Director, Outsource Assembly and Test of Fairchild Semiconductor at UTAC Headquarter (Singapore).

Supplier of the Quarterly Award presented to UTAC Thailand in recognition of best supplier for Q4'2014 from Fairchild Semiconductor

About Fairchild Semiconductor

Fairchild has a rich history as a pioneer in the semiconductor industry and that pioneering spirit endures today in our vision for making the world a cleaner and smarter place. We specialize in the development and manufacturing of a complete portfolio of low- to high-power solutions and deliver an amazing design experience to the engineers and system architects who build systems for the mobile, industrial, cloud, automotive, lighting, and computing industries. Our foundation is our guiding principles, which recognizes the inseparability of engaged employees and delighted customers, and encourages our employees to simplify, challenge, explore, play, excel, respect, go fast, and be direct. If you use a smart phone, drive a car, own a modern appliance, live and work in comfortable connected buildings, or enjoy film animation, you have experienced Fairchild's Power to Amaze. Please visit us on the web at www.fairchild.com.

About UTAC Holdings Ltd

UTAC Holdings Ltd (UTAC) is a leading independent provider of semiconductor assembly and testing services for a broad range of integrated circuits including analog, mixed-signal & logic and memory. The Company offers a full range of package and test development, engineering and manufacturing services and solutions to a worldwide customer base, comprising integrated device manufacturers (IDMs), fabless companies and wafer foundries. UTAC operates manufacturing facilities in Singapore, Thailand, Taiwan, Malaysia, Indonesia and China, in addition to its global network of sales offices in the United States, Europe, Japan, Korea, China and Singapore.
