Elmos Awards UTAC with Highest Supplier Rating

Singapore, 19 April 2016 – UTAC Holdings Ltd (UTAC), a Singapore-based semiconductor assembly and test services provider, has been awarded the “Best Supplier Award 2015” by Elmos Semiconductor AG (Elmos), a world leader in developing and manufacturing of high-performance semiconductor-based system solutions.

UTAC obtained the highest score amongst Elmos’ suppliers in areas of quality, yield performance, fast cycle time, high level of responsiveness and customer satisfaction for its Quad Flat No-leads (QFN) package assembly services and Thin Shrink Small Outline package (TSSOP) full turnkey testing and assembly services.

“UTAC is honored to have received this award from Elmos. It is a testament to the hard work and unrelenting drive to improve quality and reliability of services to Elmos. The automotive industry is a major focus for UTAC and this accolade is recognition of the progress we are making to satisfy the stringent requirements of this market. We appreciate the long, successful partnership with Elmos and look forward to supporting their future success,” said Mr Jeff Osmun, UTAC’s Senior Vice President of Worldwide Sales.

About Elmos Semiconductor AG

Elmos Semiconductor AG (Elmos) is a developer and manufacturer of system solutions on semiconductor basis. For electronics in the automobile, Elmos supplies a very broad range of sensor readout ICs and sensor elements (e.g. ultrasonic parking assist ICs and pressure sensors), motor control semiconductors (e.g. water pump control and fan control systems), and embedded solutions (e.g. network components and LED voltage supply systems). For the sector of industrial and consumer goods, Elmos semiconductors are used e.g. for applications in industrial plants. The company is headquartered in Dortmund

About UTAC Holdings Ltd

UTAC Holdings Ltd (UTAC) is a leading independent provider of assembly and test services for a broad range of semiconductor chips and we offer a full range of semiconductor assembly and test services in the following key product categories: analog, mixed-signal and logic, and memory. Our customers are primarily fabless companies, integrated device manufacturers and wafer foundries. UTAC is headquartered in Singapore, with production facilities located in Singapore, Thailand, Taiwan, China, Indonesia and Malaysia, in addition to its global sales network focused on five regions: United States, Japan, China and Taiwan, rest of Asia and Europe, with sales offices located in each of these regions.
