

# UTAC Receives ISO14001 Certificate

Mar 24, 2003

Singapore - March 24, 2003 - United Test and Assembly Center Ltd. (UTAC) announced that the company's manufacturing facility in Singapore has been awarded the ISO 14001 certificate. J.C. Lee, President and Chief Executive Officer at UTAC, said, "The award formalizes UTAC's implementation of best environmental practices. Most importantly, UTAC has established a mission to constantly improve the efficient management of resources while reducing environmental impact. Adding on to our list of other quality awards that comprise ISO 9001, QS 9000 and SAC, the environmental management system will inculcate on UTAC a culture of responsibility to both our environment and customers."

## About UTAC

United Test and Assembly Center Limited (UTAC) provides full turnkey solutions in assembly and testing of memory and mixed signal semiconductors. UTAC's "BM/W" strategy focuses on accelerating penetration into and expansion in the Broadband and Mobile/ Wireless communications industries. UTAC's customer base comprises leading and emerging global designers and manufacturers of semiconductors that power computing, communication, and consumer electronic appliances. UTAC is headquartered in Singapore, and is supported by a global sales and marketing network in Italy, Israel, Japan, and the United States. For further information, visit <http://www.utac.com.sg/>.
